

value

```
graph LR; A["~NusseltWallAndHfromFMU"] --> B["value"]
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'value'. The box on the right is white with a black border and contains the text '~NusseltWallAndHfromFMU'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a flow of information or an update operation.
