

phaseBase

```
graph BT; fluid[fluid] --> phaseBase[phaseBase];
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box with a red border containing the text 'phaseBase'. Below it is a gray rectangular box with a black border containing the text 'fluid'. A dark blue arrow points vertically from the top of the 'fluid' box to the bottom of the 'phaseBase' box, indicating that 'fluid' inherits from 'phaseBase'.
