

turbulence

```
graph LR; A[Foam::compressible<br/>::NusseltThermalBaffle1DFv<br/>PatchScalarField::updateCoeffs] --> B[turbulence];
```

The diagram consists of a grey rectangular box on the left containing the word 'turbulence'. To its right is a white rectangular box with a red border containing three lines of OpenFOAM code. A blue arrow points from the right side of the red-bordered box to the right side of the 'turbulence' box.

Foam::compressible
::NusseltThermalBaffle1DFv
PatchScalarField::updateCoeffs
