

phi

constructTurbulenceModel

```
graph RL; A[constructTurbulenceModel] --> B[phi];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'phi'. The box on the right is white with a black border and contains the text 'constructTurbulenceModel'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a relationship or flow from the model construction to the variable 'phi'.
