

AmulWithoutBC

```
graph LR; A[AmulWithoutBC] --> B[AmulWithBC];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'AmulWithoutBC'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is white with a red border and contains the text 'AmulWithBC'.
