

~linearElasticThermoMechanics

```
graph LR; A["~linearElasticThermoMechanics"] --> B["getCouplingFieldRefs"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text '~linearElasticThermoMechanics'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a red border, containing the text 'getCouplingFieldRefs'.
