

read

~multiphysicsControl

```
graph LR; A[~multiphysicsControl] --> B[read];
```

The diagram illustrates a method call. On the right, a rectangular box with a black border contains the text '~multiphysicsControl'. A dark blue arrow points from the left side of this box to the left side of another rectangular box on the left. This second box has a light gray fill and a black border, and it contains the text 'read'.
