

A diagram illustrating a file path transformation. A blue arrow points from a box containing a C source file path to a box containing the corresponding H header file path. The paths are identical except for the final extension, which changes from .C to .H.

```
/home/carlo/data/GeN  
-Foam/GeN-Foam_ffn/GeN  
-Foam/GeN-Foam/classes  
/thermalHydraulics/src/physicsModels  
/phaseChangeModels/saturationModels  
/constantTemperature/constantTemperatureSaturation.H
```

```
/home/carlo/data/GeN  
-Foam/GeN-Foam_ffn/GeN  
-Foam/GeN-Foam/classes  
/thermalHydraulics/src/physicsModels  
/phaseChangeModels/saturationModels  
/constantTemperature/constantTemperatureSaturation.C
```
