

A diagram illustrating a file path transformation. A blue arrow points from a source directory (bottom box) to a target directory (top box). The source directory is enclosed in a red border, and the target directory is enclosed in a gray border with a black outline.

```
/home/carlo/data/GeN  
-Foam/GeN-Foam_ffn/GeN  
-Foam/GeN-Foam/classes  
/neutronics/adjointDiffusion  
/include/initialize_adjointFlux_chiD.H
```

```
/home/carlo/data/GeN  
-Foam/GeN-Foam_ffn/GeN  
-Foam/GeN-Foam/classes  
/neutronics/adjointDiffusion  
/include/solveNeutronicsAdjoint.H
```
