

makePatchFields

```
graph RL; A[Foam::albedoSP3FvPatchField::write] --> B[makePatchFields];
```

The diagram illustrates a function call. On the right, a red-outlined box contains the text 'Foam::albedoSP3FvPatchField::write'. A blue arrow points from this box to a gray-outlined box on the left containing the text 'makePatchFields'.

Foam::albedoSP3FvPatchField
::write
