

sigmaPowAxialExpList

forAll

```
graph RL; forAll --> sigmaPowAxialExpList;
```

The diagram consists of two rectangular boxes. The box on the left is gray with a black border and contains the text 'sigmaPowAxialExpList'. The box on the right is white with a red border and contains the text 'forAll'. A blue arrow points from the right side of the 'forAll' box to the left side of the 'sigmaPowAxialExpList' box.
