

nuSigmaEffCladExpList

```
graph RL; A[forAll] --> B[nuSigmaEffCladExpList];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is gray with a black border and contains the text 'nuSigmaEffCladExpList'. The box on the right is white with a red border and contains the text 'forAll'. A dark blue arrow points from the right side of the 'forAll' box to the left side of the 'nuSigmaEffCladExpList' box.

forAll
