

sigmaFromToRadialExpList

```
graph RL; A[forAll] --> B[sigmaFromToRadialExpList];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is gray with a black border and contains the text 'sigmaFromToRadialExpList'. The box on the right is white with a red border and contains the text 'forAll'. A blue arrow points from the right side of the 'forAll' box to the left side of the 'sigmaFromToRadialExpList' box.

forAll
