

sigmaFromToAxialExpList

```
graph RL; forAll --> sigmaFromToAxialExpList
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is gray with a black border and contains the text 'sigmaFromToAxialExpList'. The box on the right is white with a red border and contains the text 'forAll'. A blue arrow points from the right side of the 'forAll' box to the left side of the 'sigmaFromToAxialExpList' box, indicating a dependency or flow from 'forAll' to 'sigmaFromToAxialExpList'.

forAll
